Thank you for your interest in supporting the Aloha Ruby Conference!

The overwhelmingly positive feedback we received from previous conference attendees and speakers has challenged us to do it again in 2012 — and with your help — make it legendary.

Ruby, Rails, and surrounding technologies are experiencing interest and adoption growth in the Pacific. Honolulu, in particular has an active and flourishing Ruby User Group with new memberships every month. We'd like to extend the opportunity to be a part of Aloha Ruby Conference 2012 and to connect with some of the best and brightest developers in the Pacific and around the world.
